

## **DANCE**

*I cannot dance, oh Lord, unless you lead me.*

*If it is your will, I can leap for joy.*

*But you must show me how to dance and sing  
by dancing and singing yourself!*

*With you I will leap towards Love,  
and from love I will leap to truth,  
and from truth I will leap to joy,  
and there I shall leap beyond all human senses.*

*There I will remain and dance forever more.*
